By holding the option key when selecting the "Window" option in the menu bar, you can click and drag to create windowed work areas which display different images. Use the Image Browser to view your images and add them to the Library. Choose the open file menu and then open the Image Browser. Photoshop was designed by Adobe Systems (formerly Adobe Systems Inc.) in 1987, originally for Macintosh computers, as a drawing program, instead of just for the creation of photographs. It is powerful and has some popular features that are unique to graphic design software: The Main and Layers panel holds the layers for your images. Nuggets at Warriors, 7 p.m. Thursday, FSI The Nuggets, who will face the New York Knicks in The Finals, lost the first two games of this series but won Game 3, 95-90, at Oakland. An energy boost in the eighth game, with lots of fast breaks, seemed to spur the Nugs. But their Achilles' heel has been the free throw line; their shooting percentage is .480 and their free throw percentage is .637. The Warriors did not make their free throws in either of the previous three games. DENVER -- Draymond Green can pay no attention to the statistics that say the Nuggets made 15 free throws in Game 3 and the Warriors just 13. Nuggets forward Wilson Chandler, who has taken 44.7 percent of Denver's free throw attempts in these playoffs, worked out a new method after Game 2. "I used to take my left foot and sort of fake somebody going down," Chandler said. "Then I go with one foot and touch the backboard and the other one when I shoot. I'm happy with what I did on Game 3, but I've got to get better with it and not let the ball get to the bench and not go right to the back." Chandler, who came to the free throw line often in Games 1 and 2, tried to get a kick from a coach during the final seconds of the game. "My first one, I get a kick back from the bench, if they won't let me do it," Chandler said. "That's what it was. I got one of those, and that's when I was like 'Wait, this is what I need to work on.'" Green said before Game 3, "I'm going to throw him under the bus," in regard to Chandler's approach at the free throw line. Chandler defended himself saying, "I think I got hit on the head by somebody there." The Warriors lost to the Nuggets 101-99 in overtime in Game 3. Andre Iguodala had 24 points to lead the Nuggets. The Warriors won two of their three home playoff games. While the Nuggets often left 14-14 second-half turnovers out on the floor in Game 2, it was a productive night for them in the third quarter and beyond, scoring 19 of their 27 points. They jumped to an eight-point lead midway through the third quarter that the Warriors didn't overcome.
